

The

XPERT® 20

Core Specimen Radiography System

Compact.
Powerful.
Reliable.

KUBTEC®
MEDICAL IMAGING

Core Biopsy Imaging at the point of care

Better Patient Care

Helps to improve patient experience by reducing time spent under compression.

Improves Workflow

Eliminate unnecessary delays and wirelessly transmits multiple images to PACS with a single click.

High-Resolution Images

In seconds, instantly identify the most challenging microcalcifications.

Increased Efficiency

3"x 5" detector allows for more to be captured in a single image.

Smaller Footprint. Larger Imaging Area.
